GENERAL

CURFEW HOURS 2300-0700 LT FAR 36 Stage II, 2330-0630 LT FAR 36 Stage III aircraft listed on the schedule of authorized aircraft issued by the Director of Aviation. Delayed scheduled flights, and alternate/emergency operations may be exempt from curfew hour restrictions.

Prior airport notification is required for all late/early arrivals. Contact manager on duty.

Unscheduled operations by group 5 aircraft (B-747) and larger not authorized except with prior airport approval. Contact airport manager.

Birds in vicinity of airport.

High intensity lights (lasers and large media screens) may be visible to arriving and departing aircraft to San Jose International Airport during events at the Levi Stadium complex. (N37-24-15/W121-58-14, SJC VORTAC R-303/2.1 DME). Flight crews should use caution when operating in this area during stadium events. Cockpit illumination and glare effect reducing visibility may be intensified during arrival and departure operations, especially at night.

NOISE ABATEMENT PROCEDURE: Rwy 12R/30L is the preferred arrival runway for jet aircraft and Rwy 12L/30R is the preferred departure runway for jet aircraft. All jet aircraft takeoffs are to be initiated from the end of the runway unless directed otherwise by ATCT.

All turbine engine run-ups require prior airport approval. Contact manager on duty.

Surface Awareness Initiative Display (SAID) in use. Operate transponders with altitude reporting mode and ADS-B (if equipped) enabled on all airport surfaces.

Rwys 12R and 30R right traffic pattern.
